## PNEUMATIC CLOTH GUIDER

BH2020 LENGTH - 400 mm

## MOUNTING SCREW FRAME VWG

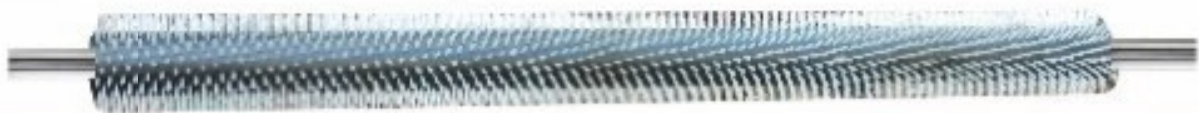

## S. S. SCROLL ROLL

## EXPANDABLE CURVE ROLL

## RE BRUSH ROLL

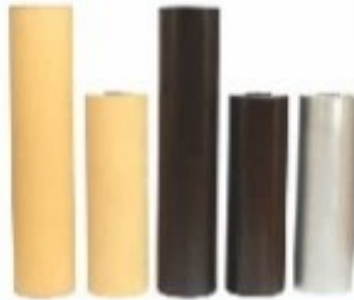

**PNEUMATIC CLOTH GUIDER SPARE PARTS**

**AIR VALVE ASSEMBLY UNIT**

**RUBBER/HYLUM & S.S. ROLLS**

**EDGE HOLDER ASSEMBLY**

**MOVEMENT SHAFT**

**FEELER LEVER**

**ALLU. SAFETY RODS**

**RUBBER ROLL - 400 mm**

**S.S. ROLL - 280 mm**

**HYLUM ROLL - 280 mm**

**HYLUM ROLL - 400 mm**

**RUBBER ROLL - 280 mm**

**AIR FILTER REGULETER**

**DIAPHRAM RUBBER**

**MOUNTING BRACKET**

**PHOTO CELL SENSER FR-15**

**HOSE PIPE**

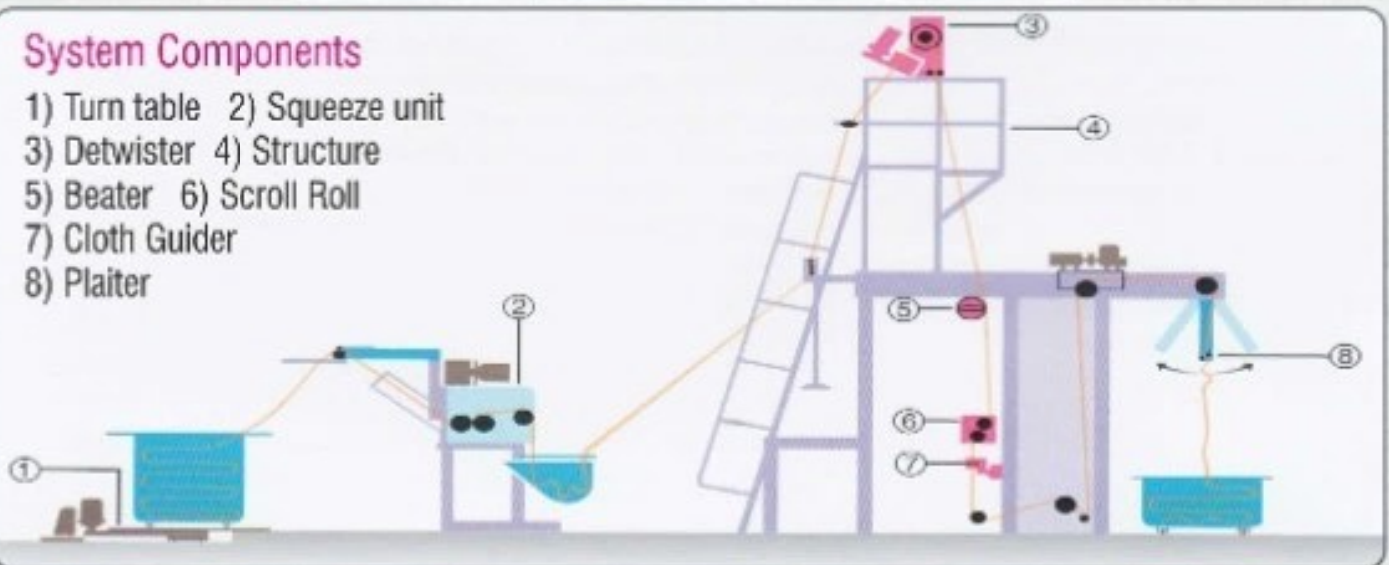

**Load Cell  
PD21**

## ROPE OPENING PLANT FOR WOVEN FABRIC

### System Components

- 1) Turn table
- 2) Squeeze unit
- 3) Detwister
- 4) Structure
- 5) Beater
- 6) Scroll Roll
- 7) Cloth Guider
- 8) Plaiter

## Company Profile

With the support of extensive domain expertise of our partners, employees and customer, we **Brahmani Webtech Industries** are rapidly progressing towards the remarkable heights of success in our overall business operations, We are one stop shop for exploring a large variety of different usage machines. We are counted amongst the most prominent manufacturer & exporter of a Pneumatic Cloth Guider-BH 2020, Adjusting support pipe Mechanical cloth Guider, Expandable curve roll S.S. Scroll roll, Guide roll, Re brush roll, Stenter In feed Device.

We are successfully catering to the modern needs of our clients by offering best selection of products. Compact designs and high performance of our range has enabled it to conquer worldwide market segments. Moreover, the superior quality of our products has helped us to acquire a trustworthy position among the worldwide clients.

To retain high standards of the products, we continually strive for upgrading our existing facilities by adding new technology and innovative testing techniques. Regular research helps us in getting connected with more reliable vendors and, in consequence, matching up with the latest market trends. The company is a globe manufacturing base for many products and has a latest technology workshop consisting of CNC & VMC machine tools.
